

## **MD Department of Health Informational Webinar: Adolescent Hospital Overstay Program Grant Initiative**

---

**Date: Wednesday, March 3, 2021**

**Time: 1:00pm-2:00pm**

**Location: Join with Google Meet <https://meet.google.com/pbe-jkkx-idj>**

**Join by Phone (US) +1 617-675-4444 PIN: 948 215 250 4082#**

Background: MDH is working to develop a grant initiative to provide enhanced funding in support of short-term residential treatment bridging services for adolescent patients experiencing extended hospital stays. The Department has developed a Request for Expression of Interest and is conducting a virtual informational meeting to introduce the program and initiate a dialogue with providers.

MDH invites all interested licensed residential services providers to join us for a presentation and discussion of the goals and objectives of the initiative. Time will be allotted for feedback on what is needed to successfully care for these adolescent patients.

### **Question and answer session to follow.**
